

Geography Learning Journey

Progression to next stage of learning –
A Level
Geography,
Geology,
Anthropology,
Sociology

GCSE
Exam

Unit 3 – Geographical Applications
Unit 2 – Challenges in the human environment
Unit 1 – Challenges in the physical environment

Geographical Applications & Skills
Issue Evaluation and fieldwork enquires

Challenges of natural hazards
Tectonics, weather hazard & Climate Change

Challenges of resource management
Water management

Year
11

**Key Concepts: Systems, Sustainability, Interdependence
Inequality, Development, Cultural Awareness, Resilience**

Fieldwork
Studies
Planning &
Data
Collection

The Living World
Ecosystems,
Tropical
Rainforests &
Hot Deserts

Urban Issues & Challenges
Lagos, Bristol and sustainable development

Coastal Landscapes in the UK
Processes, Landforms and Management

River Landscapes in the UK
Processes, Landforms and Management

The Changing Economic World
Development gap, Nigeria and UK Economy

Year
10

**Key Concepts: Systems, Sustainability, Interdependence
Inequality, Development, Cultural Awareness, Resilience**

Weather Hazards
Causes, effects, mitigation and case studies

Tectonic Hazards
Causes, effects, mitigation and case studies

Development Indicators, Causes and solutions for development

Globalisation
TNCs and Fast Fashion

Climate Change

Impacts and solutions of Climate Change

Urban World
Megacities and Urbanisation

Key Concepts: Systems, Inequality, Development, Cultural Awareness, Resilience

Year
9

Population & Migration
Demographics and the movement of people

Natural Resources
Conflict and challenges over natural

Tropical Rainforests
An investigation of the Amazon Rainforest

World of Rivers
Processes and formations of fluvial

Earth's Processes
Rocks, tectonics and glacial landforms

Asia & India
Physical and Human geography case studies

Year
8

Key Concepts: Systems, Interdependence, Development, Cultural Awareness

Prisoners of Geography
Geopolitical investigations

Africa & Kenya
Physical and Human Geography case studies

Weather and Climate
UK weather patterns and microclimates investigation

Coasts
Processes and formations of coastal environments

Global to Local
World Biomes and Cornwall

Becoming a Geographer
Map Skills

Year
7

Key Concepts: Systems, Interdependence
