

KEY STAGE 4 RESULTS 2021

Despite the challenges faced by the pandemic, we have continued to build on improvement across all subjects and abilities in 2021.

This year our Progress 8 score was 0.44.

This means that on average all of our students achieved higher grades across all their subjects, compared to similar students nationally.

This was even better than our 2019 and 2020 results.

71% of our students achieved the important benchmark of achieving a Grade 4+ in both English and Maths

49% of our students achieved the important benchmark of achieving a Grade 5+ in both English and Maths

18% of our students achieved a grade 7 and above in maths.

51% of our students achieved a grade 5 and above in maths.

76% of our students achieved a grade 4 and above in maths.

22% of our students achieved a grade 7 and above in English.

66% of our students achieved a grade 5 and above in English.

82% of our students achieved a grade 4 and above in English.

In 2021, our progress in our Separate Science and Combined Science GCSEs were all above national outcomes.
