This Week's Treviglas Focus – Routines

1. A Message from the Headteacher

Healthy routines for young people help them to concentrate on their learning because they bring structure and predictability to their world and prevent them experiencing the pressure associated with sudden change.

Mrs Drake and Mr Rogers talked about our new routines in Monday's Briefing. Staff can look back to the notes from the Briefing that were sent out to all staff on Tuesday afternoon. Find time to speak with other members of staff about these routines so we are all secure in our knowledge of them. Our consistent approach to our routines will provide all our students with a school where they enjoy their learning.

2. Mrs Drake – Teaching and Learning

Responsive teaching is something that we aim to achieve in every lesson where we check for understanding and act upon the information so that the content that is taught is understood and able to be applied. Our goal is to ensure that the gap is as small as possible between what is taught by us, as subject experts, and learnt by students. It is important to check the understanding of all students in the class so that gaps in knowledge, understanding and skills are not widened.

This week, we have been developing our use of show me boards in lessons. The 'Show Me Boards' Walkthru details the five steps that we should go through in lessons to effectively use this resource. However, our focus must always be upon what we do with the information, following this checking for understanding. We should constantly reflect upon where we need to address misconceptions, reteach information or set up a guided group while the rest of the class move onto practising and developing their learning. After briefing next week, the focus of the Teaching and Learning Forum will be upon strategies to check for understanding and all are welcome to join the discussion.

3. Miss Dandy – Geography

Year 9 are currently exploring Natural Hazards. This half-term the focus has been on volcanoes and earthquakes. Students have used case study examples of the Chilean Earthquake of 2010 and the Nepalese Earthquake of 2015 to compare the primary and secondary effects, responses and how economic disparities increase the effects. Students have also studied the important role Iceland's volcanic activity places in geothermal technology. After half-term students will continue on the topic of Natural Hazards, with a focus on Typhoon Haiyan, 2013.

Spaceport Cornwall - On Friday 26th, 50 year 7 students had the opportunity to tour the Virgin Orbit Launcher One at Spaceport Cornwall. The students enjoyed learning about the launch, why Newquay was selected and the opportunities for space careers. When the talk and tour was over, students headed back to school and worked in

pairs to create a newsletter about their visit. Miss Dandy, Mr Hargreaves and Mr Maule were really impressed with the students and it was the perfect end to a brilliant half-term.

4. Mrs Gilbert

Thank you to these Year 7 students who were fantastic when chatting to the Year 6 pupils in their primary school about transition to Treviglas Academy.

And well done to 7GBT who showed dedication to improving our environment when taking part in a litter pick in form time today (6 June).

5. Mrs Suttle - English

The English Department are delighted to announce *The Woman in Black* Theatre trip next year at the Hall for Cornwall for the current year 8s who will be going into year 9 in September. The date for the trip is Thursday 25th January 2024 and the cost is £25 per person payable before the end of this June. Letters and parent mails

have been sent out so please don't forget to send your reply slip into school to your child's English teacher. We are so excited to be taking a whole year group to the theatre! If you have any queries or concerns please email the Head of Dept Mrs P.Suttle.

English: We will be holding targeted revision sessions for year 10s over the next few weeks to support their first end of year mock exam in June. We are moving towards our end of year STAR reading tests for all year groups and warn you that we may be asking some teachers to swap their computer room because it is proving very difficult to book these rooms obviously at the moment. We thank you in advance for your help and support.

6. Mr Wells – Sport

Treviglas Sharks basketball summer league is up and running with squad players in ks3 being split into NBA teams for the next few weeks.

It's a great experience for the older lads to lead teams and the younger year 7s, to develop playing against older players.

Next week is the SW Jr NBA finals in Bristol. Each final has 4 teams from leagues spread from Cornwall to Bristol across to Dorset.

Treviglas are the only school in the south west to have a year 7 and 8 team in the finals, so well done for getting to the finals and best of luck.

7. Mr Tamlyn – Leadership & Teambuilding

This week year 9 completed a workshop aimed at developing team building and leadership skills. The ability to work well within a team is crucial. It supports innovation, problem solving, enhances personal growth and boosts productivity. It also encourages kindness and compassion which are key values of our Trust. This workshop formed part of our dynamic PSHE programme and supplements the great work of our experienced tutor team.

8. Mr Nions – Sport

Treviglas Academy celebrated another great night of sporting success! The Treviglas Academy Sports presentation 2023 hosted by Sandy Lodge Hotel, Pete Butterly works with Treviglas every year to provide our students with an excellent venue and a staff team that are very welcoming. The evening was dedicated to celebrating a range of fantastic achievements from our students. A number of awards were given, including outstanding achievement in sport, sports woman/man of the year, team successes and sports leadership. This year's guest speaker was Joe Bearman (Cornish Pirates, Gwent Dragons and Ospreys RFC) presenting the awards. The night was full of energy, enjoyment and consolidating friendships.

The PE staff are so proud of what the students at Treviglas have achieved and the commitment and dedication they have demonstrated at extra- curricular clubs, fixtures and as sports leaders. It is also great to see so many taking this further, performing well in local clubs and beyond. We have students being selected for professional clubs within their chosen sports and lots of Cornwall County

sports representation. Our sports leaders provide opportunity for primary school students by leading our sports festivals at Treviglas, it is consistently recognised by the primary school staff how well they lead and interact. So many students attend extra-curricular sport as they are passionate about sport and the social opportunities it provides. We are proud of you all. Very well done to all and keep up the amazing work.

9. Miss Quarton – Humanities

A message for Y11 Historians

Well done to Y11 for continuing to complete your exams, revision and History Tassomai, these retrieval questions will really help you to remember the key subject information for your exams.

Tassomai can also help with live Zoom-based lessons! The History live lesson is on Monday 12th June at 5pm, and is completely free!

The topic will be Germany. All you need to do is click on this link to register: <https://www.tassomai.com/live-lessons>

On Wednesday afterschool (14th) Miss Quarton will also run a masterclass in room 65 for your last minute history tips!

Keep it up Y11, you're nearly there!

eXtra@ programme

Please take a look at our eXtra' Programme and thank you to all staff that contribute to it. Do share these opportunities with our students. Tutors should look out for those students who they feel will benefit from attending an aspect of this programme and support them to find out how to do this.
