The Term Ahead

Spring Term
Year 10

● **KINDNESS** ● **RESPONSIBILITY** ● **AMBITION**

Message from Mr Lewis

I hope you had a wonderful Christmas break! We're now in a new learning cycle, with assessments completed up by 10 February 2025. The GCSE courses are two years long, so we aim for strong outcomes this year to help students feel confident moving into Year 11.

Thank you for securing work experience placements for the final week of the year - we know that students are really looking forward to these. Our Duke of Edinburgh Silver candidates continue to lead by example, inspiring more students to apply for the Bronze Award. Year 10 have also participated in a range of careers workshops, and we'll host National Careers Week this term.

The School Production is underway with rehearsals for Curious Incident of the Dog in the Night-time. This term also celebrates literature with World Book Day and I'm proud of our Reading Ambassadors from Year 10 who support some of our younger students during the tutor reading programme. This term, we welcome guest speakers, including Yzup for drug and alcohol awareness and we have a range of exciting events to look forward to including British Science Week, the ski trip, and a Year 10 celebration at the end of the year.

We love hearing about students' out of school successes so please continue to share these with us. Please also continue to check Satchel One for homework updates and progress.

What to look forward to ?

At Treviglas, we are committed to offering our students outstanding opportunities to enhance their overall development and explore new experiences.
